

Did you know that Catcliffe has a dedicated team of **Community Flood Wardens**?

This team is made up of local volunteers who live in the area and are passionate about supporting their community. They work closely with the Environment Agency and Rotherham Council to provide an extra layer of support before, during, and after potential flooding events.

Flood Wardens act as a vital link between emergency services and residents, sharing timely updates, safety advice, and practical support when it's needed most.

To help keep everyone informed, the wardens use a **WhatsApp group** to quickly share important messages with local people.

If you live or work in Catcliffe and would like to stay in the loop, simply scan the QR code below to join the group and receive updates directly to your phone.

Catcliffe Community Flood Watch.

WhatsApp group

This group QR code is private. If it is shared with someone, they can scan it with their WhatsApp camera to join this group.
