

### **SPVU Update continued:**

#### **You said-we did: Lived experiences, short breaks and local offer steering groups**

With colleagues from Inclusion Learning services, we sit with parent carers on a lived experience panel, advising of challenges we face and what we feel we need to make change happen

We encourage you to share your experiences, both positive and negative, with us so we can help make change in Sandwell. We know, sometimes, change is a long time coming, yet we can see change occurring and we would ask you to reach out, via our contact details below, to ensure your voice is heard. We share responses, where and when we can, to all manner of challenges, often with a quick resolution.

We keep your important issues on the SEND radar until we find a solution to benefit everyone.

Please contact SPVU if you would like more information about any of the steering groups and how to join us please contact us via:

- email [admin@spvu.org](mailto:admin@spvu.org)
- telephone 0792 3352516 we will respond as quickly as we can)
