

**Creative Commission: Opportunity**

**Good Things for People to do at Home**

Qube and Taking Part are seeking Creative Practitioners and Artists to create imaginative, fun and creative activities for people who would normally attend Day Care Services to do at home during lockdown and beyond.

This project will make creative, arts and well-being activities available to over 200 vulnerable and isolated people in Shropshire who until now usually go to a community setting for learning, training, support and companionship. The reasons for this could include a learning or physical disability, seeking support for poor mental health, support for challenging behaviours, living with dementia or having unpaid caring responsibilities.

This is a Shropshire wide approach to support people at home managed by Shropshire County Council's Adult Social Care service in partnership with Oswestry Community Action (Qube) and Taking Part.
