

RETURN OF THE SAFER SCHOOLS INITIATIVE

Promoted by Shropshire Council, Managed by TrustEd Multi Academy Trust and Empower Multi Academy Trust

The Safer Schools initiative, established in 1996, is a comprehensive security, safety and safeguarding process designed for schools. This programme offers accreditation, certificates and signage to ensure that schools provide a secure environment for all students. With five tailored package options, schools can achieve accreditation and demonstrate their commitment to safety. All options enable a school to maintain or achieve Safer School accreditation.

Both TrustEd Schools and Empower Multi-Academy Trust are proud non-profit organisations dedicated to enhancing school safety.

Safer Schools will resume in Autumn 2025. For further information or enquiries, contact Ian Bartlett at:
