

# Allergy Awareness Training for Schools

## Preparing for new compulsory requirements

New government requirements mean **all school staff must receive allergy awareness training** to help keep pupils with allergies safe.

**Shire Services delivers practical, compliant allergy awareness training**, supporting schools to respond confidently in an emergency.

- ✓ All Shire Services staff receive this training as standard.

### Why This Training Matters

Allergic reactions can happen at any time in a school.

Early recognition and the correct response are essential to keeping pupils safe.

### This training helps staff to:

- ✓ Understand common allergies and food allergens
- ✓ Recognise signs of allergic reactions and anaphylaxis
- ✓ Respond quickly and appropriately in an emergency

### Training Delivery:

- ✓ Suitable for **all school staff**
- ✓ Aligned with **current government guidance**
- ✓ Flexible delivery, including **INSET days**
- ✓ Scheduled or **bespoke sessions** available
