

Special Edition Newsletter – September 2026

**Please share as widely as possible with parents,
teachers, contacts, newsletters etc.**

Help shape the future of transport in Shropshire

Every day, people across Shropshire travel to school, work, childcare, healthcare appointments, shops and leisure activities. Whether you're walking, cycling, taking the bus, travelling to school or college, or learning to drive, the decisions made today will help shape how people get around Shropshire for years to come.

Shropshire Council is developing a new Local Transport Plan that will help shape transport and guide investment across the county over the next ten years.

Before the public consultation launches later in Autumn 2026, we would like to invite members of the school community to join an online discussion to hear about the plans and tell us what matters most to young people and families.

Monday 14 September - 4:00pm to 5:00pm

This session is open to parents, carers, teachers, school staff and young people. It will provide an opportunity to:

- Find out more about plans for transport in Shropshire.
- Hear what local communities have told us so far.
- Share your views on the opportunities and challenges facing journeys to and from schools, colleges and other destinations.
- Learn how you can take part in the upcoming consultation.

Whether your concerns or ideas relate to walking and cycling, road safety, public transport, traffic and congestion, or access to education and opportunities, we want to hear from you.

To reserve your place, please email ShropshireLTP@wsp.com by Friday 11 September to receive a personal joining link.

If you have any accessibility requirements, please let us know and we will do our best to support your participation.

We hope you can join us and help shape the future of travel in Shropshire.
