

HM Courts & Tribunals Service

Research Study into First-tier Tribunal Special Education Needs and Disability Applications

Who?

We are seeking the help of parents, guardians or young people who have made applications to the SEND tribunal.

What?

Participation involves an informal interview lasting no more than 1 hour conducted over the phone or internet (e.g. Microsoft Teams).

Why?

We are interested in understanding the difficulties that parents, guardians and young people face when completing SEND applications. What we learn from these interviews will help us in improving the service for future applicants.

When?

We are planning to conduct these interviews throughout February 2023.

Please contact Patrick Burns at HM Courts & Tribunal Services for further details.
