

We are introducing our Care Friends app...

...so we can send you instant rewards for something you're already doing - spreading the word about becoming a foster carer and helping those who need us

Why should I sign up?

- You can share a link to our fostering roles with anyone you think could make a great foster parent in just a few clicks from your mobile using the apps you're already used to!
 - Facebook messenger direct, or local & relevant groups
 - Text or email
 - Whatsapp
- No paperwork - you've shared your bespoke link so anyone that applies we'll automatically know you put them in touch with us
- We'll send you updates and rewards for your help at EVERY stage of the process - you don't need to find the perfect person every time to receive a reward.

£1	Share a fostering role with a friend, acquaintance or colleague living in (or within 20 miles) of Wales
£20	Someone you shared a role with gets in touch and completes a screening call, regardless of whether they proceed to the next stage.
£40	A successful home visit is carried out, regardless of whether they proceed to the next stage.
£240	Your referred friend attends panel and is approved to proceed.
£199	Your referred friend has been an approved foster carer for 3 months, regardless of whether they have had their first foster placement.

How do I cash in?

When you cash in via your app, your Local Authority will process your request and get your money to you! Put it in a pot toward your next foster parent get together, or save up for a birthday / big event.

GET STARTED NOW

Get out your personal mobile and scan our QR code
OR, if you're reading this on your phone - [CLICK HERE](#)

*Sharing must be done fairly with the intention of interesting a friend for a fostering role with us.
We reserve the right to remove points for any inappropriate shares.
You can share our roles an unlimited number of times per month. Points that can be earned per month: up to 10.
As with all staff gifts and benefits, points are subject to tax, and other applicable deductions

SCAN ME

"I don't have any friends"

That's ok! Anyone you know, or come into contact with, could be a great opportunity to share our role. You might already know lots of people who have thought about fostering but didn't know where to start. Share and see!

Are you part of any local groups? School groups? Village groups? Sports groups? Be on the lookout, you know what a great foster carer looks like and we need more people just like you.

"I don't have enough space on my phone"

Have you got any apps that you never use? Why not replace them with an app that can earn you extra money and help introduce someone to foster caring?

"I don't use social media"

You can share our roles quickly and easily via text, email or Whatsapp too. It doesn't matter how you tell your network; you will still get rewarded for bringing great potential foster carers to our door.

"I'm worried the app will use lots of my data allowance"

You can turn off background data usage so the app will only use data when you open it when you're connected to WiFi.

"I'm worried about using the app on my personal phone"

It's OK, Care Friends is only used to manage your referrals. The app can't track anything you do outside of the Care Friends app.

"I'm worried extra cash in my pay will affect my Universal Credit"

With Care Friends you are in control of how many points you cash in so that you don't go over the earnings limit. Cash in as much or little of your balance as you want each month.
