Return to Work: Dental Care

Procurement of PPE

June 2020

National Procurement Service

Established in 2013 the National Procurement Service promotes Welsh public sector procurement collaboration to deliver a good deal for Wales.

We save time and money, support the Welsh economy, and embrace the Well-being of Future Generations Act. We offer a number of collaborative procurement frameworks for a range of goods and services.

We currently have over 70 public sector organisations in Wales signed up as NPS members including all local authorities, the NHS, National Assembly for Wales (NAW), Welsh Government and Welsh Government Sponsored Bodies (WGSBs), the Police and Fire services, Higher and Further Education and WCVA members.

NPS Frameworks

In light of the recent pandemic we have seen demand for PPE and cleaning products surge. We have a numbers of frameworks through which NPS Customers in the public sector can easily access NPS approved suppliers to purchase these products. **If you are a private dental practice please contact the suppliers directly who will be happy to assist you in procuring these items outside the framework.** These include:

- **High Visibility, Personal Protective Equipment (PPE), Uniforms, Work wear and Leisurewear** (NPS-CS-0066-16) Expires 30th Sept 2021.
- **Cleaning and Janitorial Materials and Washroom Services** (NPS-CFM-0099-19) Expires 19th March 2024.
- **Stationery and Copier Paper** including office supplies, back to work kits and signage (NPS-CS-0053-16) Expires 31st July 2021.

NPS Frameworks

If you are subject to **public sector** purchasing rules, to understand more about using the agreements, contact the relevant NPS mailbox as listed below. Details for private sector purchasing options can be found on the next slide

Products

The frameworks referenced offer a wide range of PPE, uniforms, office supplies, cleaning consumables and wash room services.

The types of products in high demand recently procured through our frameworks include:

- Type II and Type IIR masks
- FFP2 and FFP3 respirator masks including fit testing kits
- Gloves
- Gowns, Coveralls and Aprons
- Face Visors/Shields
- Hand Sanitiser
- Anti Virus Sprays and Cleaner
- Back to work kits and signage

TIPS

What is your demand profile? Plan ahead to purchase whilst prices are stable.

Consider placing scheduled orders a head of time. This allows suppliers the option to sea freight which is cheaper.

Consolidate deliveries where possible.

Keep in touch with Suppliers for up to date stock alerts and pricing
