

50 Things To Do Before You're 5 gives you 50 activities for parents and carers to try out and repeat with their children. We've made sure that children with special education needs are included and that each of the 50 Things means something across our culturally diverse community.

50
things to do
before you're
five

All the activities are low-cost or no cost experiences and include indoor, outdoor, seasonal, home-based and out-and-about activities, that are fun and will get your little one off to a flying start with learning and language development.

Each experience has been suggested by parents, carers and professionals; developed by early years experts and language specialists, to create a fabulous resource for every child under five and the grown-ups in their life!
