In partnership with Job Centre Plus, we're hosting a recruitment event for Hampshire residents and for early years education and childcare providers, and you're invited! - de-mystifying apprenticeships
- Universal Credit – what it means to parents and childcare providers.

In our 'marketplace' there will be training providers, colleges, universities, careers advisors who will have information stands and representatives answering questions, as well as a 'Live Jobs board' where early years/childcare providers will advertise their current vacancies.
