Paediatric First Aid Training

We are pleased to announce our new suite of First Aid courses that are now live on the Learning and Development Gateway to book.

These courses meet the Ofsted criteria found in Annex A within the EYFS.

"At least one person who has a current paediatric first aid (PFA) certificate must be on the premises and available at all times when children are present, and must accompany children on outings. Childminders, and any assistant who might be in sole charge of the children for any period of time, must hold a full current PFA certificate. PFA training must be renewed every three years and be relevant for workers caring for young children and where relevant, babies. Providers should take into account the number of children, staff and layout of premises to ensure that a paediatric first aider is able to respond to emergencies quickly. All newly qualified entrants to the early years workforce who have completed a level 2 and/or level 3 qualification on or after 30 June 2016, must also have either a full PFA or an emergency PFA certificate within three months of starting work in order to be included in the required staff:child ratios at level 2 or level 3 in an early years setting" EYFS, 2018

The courses running are:

- Paediatric First Aid (two day course).
- Paediatric First Aid (Blended) six hours online followed by six hours face to face.
- Emergency Paediatric First Aid (one day course).

Transitions Training

This **free half day** course is for Early Years Leads in Primary Schools as well as Managers and Leaders in Early Years settings.

The course has been co-written and will be co-delivered by an Advisory Teacher from the Learning and Behaviour Advisory Team (LBAT) and an Early Years Consultant. It seeks to support you in increasing your understanding of the principles of effective transitions, including the planning and practice, and will help you to reflect upon the consequences of poor transitions. Building on locality relationships and liaison during early years transition events, **this training is designed to be attended by school EYFS Leads and Pre-school Practitioners from feeder/receiving schools and settings.**

The aim of this course is to encourage you to have a child centred approach, and encourage this within others, recognising the important role of parents and carers in the process and ensuring that the well-being of children is at the heart of all transitions. You will consider the importance of proactive transition planning for all children and the strategies that you can apply to support transitions within and between schools/settings. The course will provide you with an overview of the tools and resources that you can use to support transitions within and between schools/ settings.

Learning outcomes for the course are:

- Apply the principles of effective transitions within practice and learning environment, to provide positive transition experiences for children.
- Identify ways in which staff can engage with families to develop positive relationships and partnership working to ensure that the needs and well-being of each child are central to transition processes.
- Evaluate the range of resources, tools and strategies available to support effective transitions within and between settings/schools.
- Reflect on current practice and identifying strengths and areas for further development/next steps.

This training is running across West Sussex during February and March 2019. You can book your place via the [learning and development gateway](#) – you will need to make sure you are registered beforehand. If you need help please contact Lorraine Kelly, Advisor in Practice Improvement, on 0330 222 4882 who will be able to assist.
