Educational setting status

This form collects daily attendance data from educational settings in England. We use the information that you provide to help monitor the impact of COVID-19 and to inform the government's response.

We thank you for your time and patience in completing this form and for everything else you are doing at this difficult time to make sure children and young people get the best possible start in life.

This collection has been updated. It asks for information about the following areas:

Information on students or pupils
- Attendance of vulnerable children. In this collection we are now asking you to record children who do not have a social worker or an EHCP but are deemed 'otherwise vulnerable' at your discretion and therefore eligible to attend. Guidance on vulnerable children and young people during COVID-19 is available on GOV.UK
- Attendance of children of critical workers. Guidance is available on GOV.UK
- Attendance of students or pupils in year groups included in the wider opening of educational settings as detailed on GOV.UK
- Number of and reasons for any absences

Information on staff
- Attendance of staff
- Number of and reasons for any absences

Information on free school meals
- Provision in place for students or pupils eligible for free school meals. Guidance is available on GOV.UK

This form should be completed daily and submitted by 12:00 midday regardless of whether your setting is open or closed.
