

# West Sussex Early Years Training Programme

Area Inclusion and Improvement Boards (AIIB)

Over the next academic year, West Sussex County Council are working with early years practitioners to deliver a locality-based programme with the aim of improving outcomes for all children and narrowing the attainment gap.

The project, which has been funded by the Area Inclusion and Improvement Boards (AIIB), is aimed at creating closer working relationships between pre-school settings and schools and developing a shared and consistent understanding across West Sussex of high quality inclusive early years provision.

The Programme Aims:

- to improve working relationships between early years settings and schools
- to ensure there is a shared understanding of the principles of high quality, inclusive early years provision
- to identify and address barriers to children’s attainment in the early years

The programme will be led jointly by a practitioner from an early years setting and a teacher working in a school in your locality. They will deliver four workshops over the coming year. The funding has meant that we can provide these workshops **free** for your early years leads to attend.

The focus for the workshops is as follows:

Workshop 1 – Child development and EYFS Principles (already run)

Workshop 2 – Communication and Language Development

Workshop 3 – Personal, Social and Emotional development

Workshop 4 – Physical Development
