

E4S Relaunch

A Conference for All

Join us for a full day to discover how the E4S specially subsidised offer for schools can help you develop a whole school culture for RSHE and meet the needs of pupils for the world they live in today.

The event is both the perfect opportunity to discover E4S or extend your current provision.

The day will include national guest key-note speakers and a series of practical workshops to showcase how you can get the most out of the E4S platform and your subsidised subscription, as well as technical drop ins and a marketplace.

The day will assist delegates to:

- ✓ Understand how E4S meets all schools RSHE needs
- ✓ Consider the importance of RSHE within a whole school approach
- ✓ Consider national expectations regarding effective RSHE and safeguarding
- ✓ Explore the unique E4S platform and understand what the subsidised offer for schools is
- ✓ Attend a range of workshops, meet colleagues and share learning within the E4S world

This event is suitable for RSHE/PSHE leads, middle leaders, headteachers, class teachers, designated safeguarding leads (DSLs), and governors from all schools.

Bookings can be made via:

E4S Relaunch: A Conference for All | West Sussex Services for Schools
