

# EDUCATION MATTERS

Improving educational outcomes  
for children and young people

## HAF Summer Feedback

"Everything that the Council and \*\*\* have provided has been amazing. This is exactly what needs to continue to happen to help and allow the likes of myself (a single mother) to continue working and not need to worry about my son. He has loved every second of these camps and will definitely want to come to more in the future."

West Sussex

OVER

30,000

HAF Places  
available

This summer, the West Sussex Holiday Activity & Food programme has had its biggest uptake yet. Eligible children from across West Sussex have been offered the opportunity to experience a range of different activities including sports, Forest School, table tennis, skateboarding, drama and performing arts, and music production amongst others. All these clubs have also offered a nutritious meal and a focus on promoting a healthy lifestyle.

We were also able to support families on the Refugee Resettlement programme with access to HAF places.

‘It was truly amazing to see her stand up in front of everyone with so much confidence. She has loved coming every day and feel it’s truly a turning point for her in school’

“What a wonderful place to spend summer holidays. \*\*\* absolutely adored all you guys and you were so generous! Very grateful for the fun you provide her!”

# WHAT'S COMING UP

Expressions of Interest are now open for new and existing providers to bid for their Winter Funding. Once these have been finalised, we will contact schools with a list of eligible children and their HAF codes, as well as details of how families can search for providers.
