Early Years
Professional Development Programme

High-quality, government funded CPD for early years practitioners and childminders

> We've just got an '**Outstanding'** grade from Ofsted. We feel it's because five practitioners at our setting are attending this course. During the inspection, we told the inspector about key things we had learnt. We all felt confident in explaining why we were doing things the way we were."
>
> Reema, Setting Manager

The Early Years Professional Development Programme (EYPDP) provides free-to-access training, delivered online to early years practitioners and childminders in England.

Forming part of the government's early years education recovery package, this programme provides evidence-informed CPD to practitioners to support the development of 2-4 year olds.

"The EYPDP is an incredible (funded) opportunity to develop key subject knowledge and understanding for early years practitioners, as well as reflect, connect and evaluate their craft as ECE educators."

Early Years Specialist, Jan Dubiel

"I can whole heartedly say that the EYPDP has enabled all three of my staff to develop their knowledge, understanding and pedagogy. They now reflect on their practice, and are always looking for ways to improve and develop the learning experiences for our children. I would 100% recommend this programme."

Emma Kelly, Early Years Phase Leader

Programme highlights

- Government funded CPD for early years practitioners and childminders working with 2-4 year olds.
- A blend of online self-study eLearning and regular facilitated webinars, available in the daytime, evenings and at weekends.
- Expertly written content covering Communication and Language, Early Mathematics and Personal, Social & Emotional Development.
- Support from dedicated Programme Trainers and the Early Years Professional Development team throughout.
- A total of 60 hours of learning spread across a period of 8 months.
- OCN endorsed certificate upon successful completion of the programme.

Over the past 3 years, of the practitioners who have already completed the EYPDP:

97% said they found it useful or very useful

90% reported feeling more confident in their job

Funded by Department for Education

Delivered by Education Development Trust

In partnership with Speech and Language UK Changing young lives.

Early Mathematics content by: Dr Sue Gifford and Dr Catherine Gripton

Anna Freud building the mental wellbeing of the next generation

Available for a limited time only. Don't miss the opportunity to access free CPD for your setting.
