

Childcare Expansion Provider Forum

Early Years Invitation

Your opportunity to be part of the Childcare Expansion Provider Forum

- Are you creative and passionate about Early Years?
- Would you like to work with the Local Authority to develop information, advice and support for providers and families around the childcare expansion in West Sussex?

If YES, we invite you to apply to be part of our new Childcare Expansion Provider Forum!

About the project

Starting from April 2024, existing childcare support to families will be expanded in phases. By September 2025, most working families with children under the age of 5 will be entitled to 30 hours of childcare support. We are keen to use this opportunity to consider new ideas as we shape the way funding is offered and ensuring that Early Years providers are involved and informed is a top priority for us.

What you will need to do

- Contribute your expertise through sharing your experiences, challenges, and suggestions, which may include case studies.
- Be creative and work through potential solutions to the challenges of the expansion plan.
- Attend online and face to face meetings (as detailed below).
- Engage in discussions, review information, provide feedback, and identify best practice ideas to support specific areas of project planning.
- Act as an advocate for Early Years providers across West Sussex.
- Join networks/briefings to support engagement and information sharing with other Early Years providers across West Sussex.
- Provide a platform for West Sussex County Council to share information and receive provider expertise and feedback.

What you will receive

- **£1500** to cover the cost of being part of the Childcare Expansion Provider Forum (including, travel and expenses for attendance at meetings, as well as time for pre-meeting preparation and any agreed actions).
- The opportunity to influence decisions* where provider perspective is vital. Your input will enable co-production of publications, information and support for both settings and families as well as helping to increase awareness of Childcare Funding in West Sussex.
- Access to a small network of colleagues with the opportunity for peer support to enable you to bring best practice ideas into your setting.

* in line with relevant statutory government guidance.
