---

Dear colleague,

Ofsted is running a series of Education Inspection Framework (EIF) curriculum roadshows, with separate sessions aimed at **Early Years settings, including childminders and maintained nursery schools and any school with pre-reception age attending.**

This event will be held in Horsham (further details provided on registration).

These half-day events will offer the opportunity to learn more about our Best Start in Life research reviews, what an effective curriculum for communication and language, PSED and physical development looks like in the early years, and how we look at the prime areas of learning at inspection.

These roadshows build on the previous [roadshows on communication and language](#). It would be useful to watch the recording before attending.

Two representatives from your setting are welcome to attend. Each person attending will need to register separately.

Current Ofsted Inspectors (OIs) are asked not to attend this event, as specific training is provided for inspectors separately.

There is no charge for attending this event and spaces are available on a first-come, first-serve basis.

Please find the registration links for the curriculum roadshow below:
