

WSSCC Right From The Start

Healthwatch West Sussex are working on a Lived Experience project, in partnership with West Sussex County Council (WSSCC). This work is part of WSSCC Right From The Start Early Years and Childcare strategy 2024-2027.

We are very interested in any potential barriers you've encountered in accessing early years and childcare services to date. Your answers are important to help shape local community services that are designed to better support you and your family's needs now and in the future.

The **survey** closes on Sunday 18th May 2025.

Our survey aims to discover what information parents/carers already know about early years service, including family hubs, health services, and early years and childcare provision.

Please support us by answering our survey.
