

Have your say on wraparound childcare

The government's ambition is for all parents and carers of primary school-aged children to be able to access childcare from 8.00am to 6.00pm during term time, if needed.

As part of the wraparound childcare programme in West Sussex, we want to understand the level of demand for all children, including those with Special Educational Needs or Disabilities (SEND).

Tell us how wraparound childcare availability impacts your family, whether you use it or not, by completing our anonymous survey.

The deadline is **11.59pm on Sunday 22 February.**

Take the survey now!

By sharing your thoughts,
you are helping to shape the
future of this programme.
