

Making Every Contact Count (MECC): Vaccinations

Would you like to:

- ✓ Gain confidence discussing vaccinations?
- ✓ Discover tools for structuring effective conversations?
- ✓ Understand vaccines and their impact on individuals and communities?
- ✓ Learn key vaccination messages across life stages?
- ✓ Know where to direct people to have vaccinations?

If so, join our **new e-learning and training workshops** that explore how **Making Every Contact Count (MECC)** can help you promote meaningful conversations and support **vaccination uptake**.

E-Learning

The aim of this module is to support you to develop your awareness, knowledge and skills of having conversations about vaccination hesitancy as part of the Making Every Contact Count (MECC) approach. We recommend completing this module before attending a workshop.

Workshop

The aim of the workshop is to enable participants to use an **evidence-based behaviour-change approach** when having conversations about vaccination and immunisation.

This training is delivered **online** and is open to **anyone working with the public in West Sussex**.
