

SEAOS Phase 3 Phone Consultation Offer

We are delighted to be piloting a phone consultation offer in the Summer term 2026 which provides an opportunity for any mainstream member of staff to book a time slot for a professional conversation with an experienced SEN Outreach teacher who can help with many areas of need, drawing on their expertise, experience and knowledge from working in a Special School setting.

Mainstream Staff can book a 20 minute TEAMS call with an experienced SEN Outreach teacher having notified either the SENCO or a member of the Senior Leadership from their mainstream school prior to the phone call taking place. This phone call will be recorded and triaged to one of the following pathways:

- During the 20 minute Phone/TEAMS call - offer advice, signpost to resources and handouts - coaching
- During the 20 minute Phone/TEAMS call - offer a school visit and then provide a visit report. This will be followed up with a phone call a month later to 'check in'.

Suggestions of areas we can support with (but not limited to these):

- Curriculum related queries - setting up/adapting a curriculum for pupils with SEN
- How to break the EHCP targets into smaller steps
- How to effectively measure progress/small steps
- Supporting pupils in an enhanced provision.
- Offer visits to a special school to share ideas and good practice
- Early Communication/responding to echolalia/scripting to support communication
- Supporting independence
- Co-regulation strategies
- Developing focus and attention

Schools will be directed to other West Sussex Advisory Services and signposted to SEAOS handouts, workshops and network meetings where appropriate.

To book a call please use the appropriate link/QR code for the hub that your school or provision is situated in. Any questions please contact the hub leads.
