**ONE ON ONE WITH DEIDRE HARRISON
OFFICE OF MANAGEMENT AND BUDGET**
LEADERSHIP IN GOVERNMENT

The CIGIE Professional Development Committee (PDC), Leadership Innovation Subcommittee (LIS) hosted another fantastic *Lead & Learn* discussion on March 29, 2023. We were joined by Ms. Deidre Harrison, a senior member of the OMB management team. She discussed her leadership journey, promoting and providing specific guidance to enhance OIG / agency cooperation and collaboration ([OMB Memo 22-04](#)), government innovation, and much more.

The spirit of the memo highlights the need on the front-end to ensure OIG expertise is brought to bear new and changed agency programs are constructed in ways that strike the balance between efficient results, equitable access, and program integrity, including minimal waste, fraud, and abuse.

We encourage OIGs to share this engaging conversation with their teams and agency counterparts.
