

DHS Office for State and Local Law Enforcement

Webinar on:

Countering-Unmanned Aircraft Systems

With briefings from DHS's Office of Intelligence and Analysis and the Counter-Unmanned Aircraft Systems Program Management Office along with the Virginia State Police and the Texas Department of Public Safety

This webinar on Countering-Unmanned Aircraft Systems (C-UAS) will discuss the current threat posed by unmanned aircraft platforms, what DHS and our state and local partners are doing to address the evolving threat, and opportunities for ongoing collaboration.

April 30, 2025, at 2:00 p.m. EST

This event is intended for law enforcement and those who support law enforcement missions. To reach the widest audience, please share this invitation with your members and law enforcement colleagues.
