

Condition Code	Narrative Text	Explanation
844	STEEL MELT & POUR CENTRY APP CD NOT ALWD	The Country of Melt and Pour Applicability Code on the submitted Steel Melt and Pour Country Detail (Importer's Additional Declaration type of '08') is not allowed for submitted HTS Number or Country of Origin. An HTS Number associated with Primary Steel requires a Country of Melt and Pour Country Code.
843	STEEL MELT & POUR CENTRY APPL CD CONFLICT	Both Country of Melt and Pour Country Code and Applicability Code are found present on the submitted Steel Melt and Pour Country Detail (Importer's Additional Declaration type of '08'); however only Country of Melt and Pour Country Code is required for Primary Steel, and either the Country of Melt and Pour Country Code or Applicability Code are required for Derivative Steel.
842	STEEL MELT & POUR CENTRY APPL CD UNKNOWN	The Country of Melt and Pour Applicability Code on the submitted Steel Melt and Pour Country Detail (Importer's Additional Declaration type of '08') is not "OTH".
841	STEEL MELT & POUR CENTRY CD UNKNOWN CENTRY	The Country of Melt and Pour Country Code on the submitted Steel Melt and Pour Country Detail (Importer's Additional Declaration type of '08') is not a known ISO country code.
840	STEEL MELT & POUR CENTRY CD MISSING	A Country of Melt and Pour Country Code on the submitted Steel Melt and Pour Country Detail (Importer's Additional Declaration type of '08') is required.
