

### CRITICAL INFRASTRUCTURE:

#### Health and Public Health Cyberdependencies

*The Office of Cyber and Infrastructure Analysis (OCIA), with the support of the Office of Cybersecurity and Communications, invites you to participate in a webinar discussion about its recent analysis of healthcare and public health cyberdependencies. In addition, the Department of Health and Human Services will provide an overview of prioritization plans related to the recent findings from the Cyber Task Force’s report to Congress and an operational review of the new Healthcare Cybersecurity and Communications Integration Center.*

#### EVENT DETAILS

**Date:** August 15, 2017

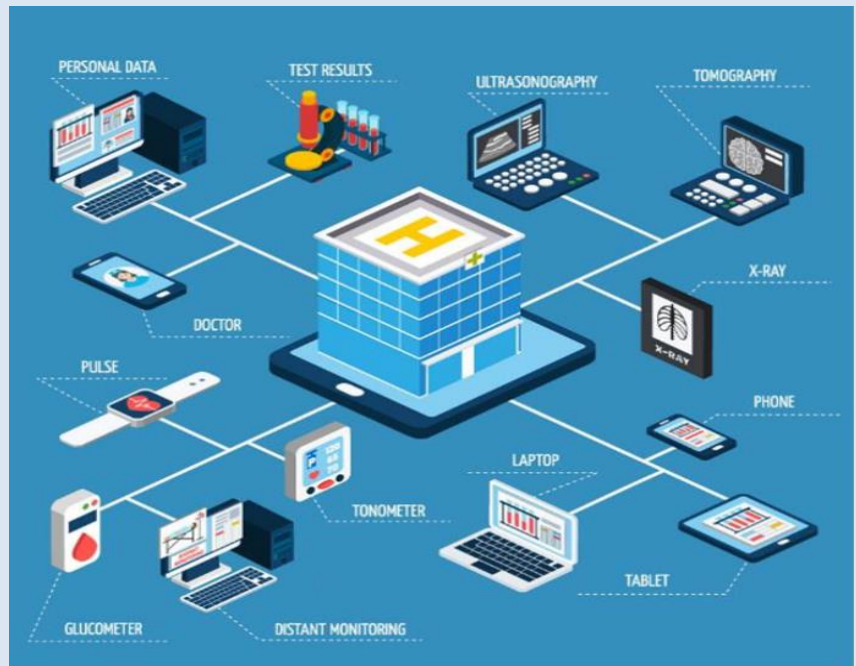

**Time:** 1300–1400

**Location:** HSIN Connect

#### REGISTRATION

Register [HERE](#) with your HSIN credentials.

If you do not have a HSIN account, please use the [direct meeting link](#) at the webinar's scheduled date and time.

#### Intended Audience:

Federal, State, local, and private sector stakeholders and decision makers who are interested in gaining a better understanding of the risks involved with critical infrastructure systems and interdependencies.

#### Speakers:

Alexander Reniers, DHS/OCIA

Kevin James, DHS/CS&C/ITA

Maggie Amato, Dept. of Health and Human Services

Steve Curren, Dept. of Health and Human Services

Leo Scanlon, Dept. of Health and Human Services
