

FEMA

Daily Operations Briefing

Sunday, October 15, 2017 8:30 a.m. EDT

Significant Activity – Oct 14-15

FEMA

Significant Events:

• Response and recovery – Harvey, Irma, Maria; CA Wildfires

Tropical Activity:

- Atlantic Hurricane Ophelia (CAT 1); Disturbance 1 (Medium 50%)
- Eastern Pacific Disturbance 1 (High 80%)
- Central Pacific No tropical cyclones expected next 5 days
- Western Pacific No activity affecting U.S. interests

Significant Weather:

- Critical and elevated fire weather conditions CA, NV, AZ
- Red Flag Warnings CA, NV, AZ
- · Space Weather:
 - o Past 24-hours: Minor; geomagnetic storms reaching G1 level occurred
 - Next 24-hours: None Predicted

Earthquake Activity: No significant activity

Declaration Activity:

Amendment No. 3 to FEMA-4344-DR-CA

Tropical Outlook – Atlantic

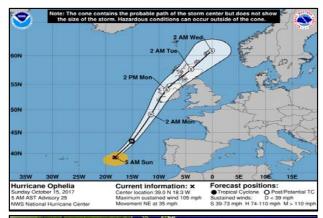

Hurricane Ophelia (CAT 2) (Advisory #25 as of 5:00 a.m. EDT))

- Located 475 miles E of the Azores; moving NE at 25 mph
- Maximum sustained winds 105 mph
- Some additional weakening is expected today; Ophelia is forecast to become a post-tropical cyclone by Monday
- Hurricane force winds extend 45 miles; tropical storm force winds extend 150 miles
- · No coastal tropical cyclone watches or warnings in effect

Invest 92L (as of 8:00 a.m. EDT)

- · Located more than 100 miles north of Puerto Rico
- · Low producing numerous showers and few squalls
- Formation chance through 48 hours: Low (30%)
- Formation chance through 5 days: Medium (50%)

Tropical Outlook – Eastern Pacific

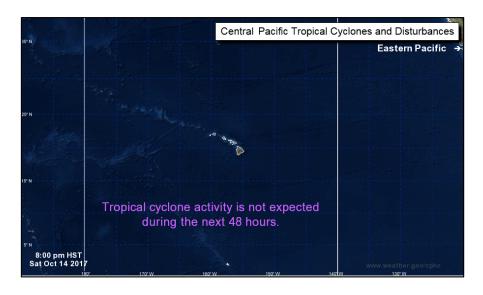

Invest 91E (as of 8:00 a.m. EDT)

- Located several hundred miles SW of southern tip of Baja California Peninsula, Mexico
- Moving WNW or at 10-15 mph
- Environmental conditions appear conducive for a tropical depression will likely form within the next day or two
- Formation chance through 48 hours: High (80%)
- Formation chance through 5 days: High (80%)

Tropical Outlook – Central Pacific

Next 48 hours

Next 5 days

PR/USVI Update

FEMA Response

- NRCC: Level I (day shift); Enhanced Watch (night shift)
- · National IMAT East-2: deployed to PR
- FEMA Region II & X IMATs: deployed to USVI
- · FEMA Region III IMAT: deployed to PR
- MERS: teams deployed to both USVI & PR

Puerto Rico

- Shelters: 106 (-2) shelters open with 5,224 (-192) occupants
- Disaster Assistance Registrations: 463.4k

Power Outages / Restoration

- 14.6% (+5.8%) of normal peak load restored, up from 9% October 13, 2017
- San Juan Power Plant and Palo Seco Power Plants service restored; 21.2% (+1%) transmission lines or line sections energized; 33.1% (+1.5%) substations energized
- Generator pre-install inspections complete, 334 (+68); installations complete, 95 (+22); installations in progress, 36 (+13)

Communications:

- Telecommunications restoration plan for main communication system expected October 13, 2017; restoration plans for the remainder will follow
- FCC approved Project Loon, a plan to deploy stratospheric balloons to create an aerial wireless network providing emergency Long Term Evolution service

Health & Medical

- 64 Of 67 hospitals open: 36 fully connected to power grid, 28 operating on generator: 3 closed
- All open hospital facilities have some form of communication capability: 51 have telephone communications; 44 landline, 53 cell, 16 working internet
- USNS Comfort located approximately 30 nautical miles from Aguadilla, conducting logistics and medical support operations in Arecibo and Aguadilla

U.S. Virgin Islands

- Shelters: 5 shelters open with 319 (-8) occupants
- Disaster Assistance Registrations: 10.4k

Power Outages / Restoration

- · Restoration efforts continue with focus on critical facilities and backbone grid feeders
- VIWAPA estimate for restoration: 90% of territory on electrical grid by late December 2017
- Pre-install inspections complete, 194 (+10); installations complete, 70 (+20); installations in progress, 12 (-6)

Communications:

- St. Thomas: Installed VI repeater and radio channels for inter-island communications and a FEMA radio channel with National Response Network connectivity; inflatable communications terminal installed on Crown Mountain to provide reach-back to net control for FEMA
- · St. John: installed antennas, cabling and radios in clinics and firehouses
- St. Croix: delivery of 20 satellite terminals expected October 18, 2017

Health & Medical

- St. Croix: Department of Health's Charles Harwood Facility now offering limited services; department is assessing other sites for services
- All elements of the 575th Area Support Medical Company arrived, expects to be operational October 13, 2017
- Governor Juan Luis Hospital and Medical Center partially open

High Risk Focus Areas

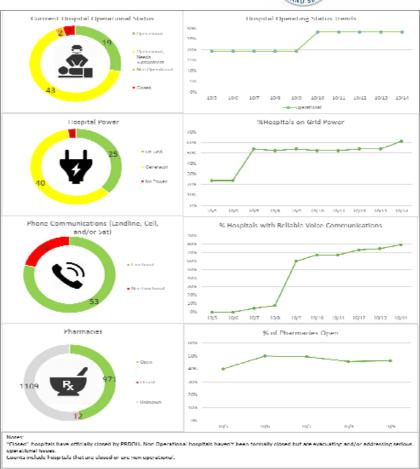

Guajataca Dam

- A **High Risk Dam** before the hurricanes
- Spill way damaged
- Water level currently below the spillway
- Focused Activities:
 - · Reinforcing the spillway
 - · Lowering the water level to allow assessment

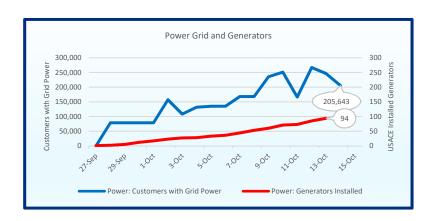

El Yunque Tower

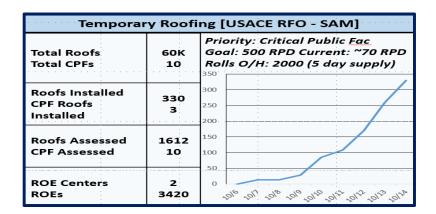

- Maintains 911 connectivity for the eastern 1/3rd of Puerto Rico
- Roadway is damaged and unstable
- USACE Geo Tech Engineer assessing
- Aerial Refueling as a stop-gap

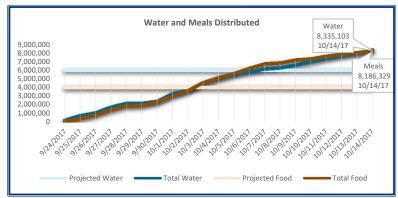

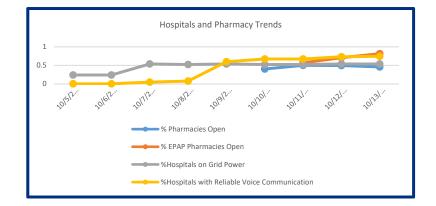

Dashboard

California Wildfires

Situation

Numerous large wildfires continue to burn across much of northern California, causing continued and significant threat to life, property, and commerce in the counties of Napa, Solano, Sonoma, Nevada, Yuba, Butte, Lake, Orange, Riverside, and Mendocino.

Impacts

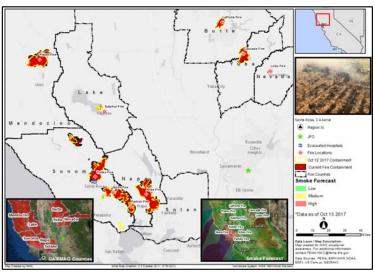

- Air quality from San Francisco to Sacramento varies from "Moderately Unhealthy" to "Very Unhealthy" while much of CA falls under a Moderate Air Quality Index
- Two hospitals evacuated in Santa Rosa
- High pressure gas lines, hydroelectric infrastructure, water supplies, and communication infrastructures threatened, damaged, or destroyed
- Commercial and agricultural vineyards are threatened, damaged or destroyed
- Arduous work and lack of relief are causing fatigue on resources working to control fires
- Multiple roadways closed due to debris and downed power lines, trees, and vegetation
- Eight cell towers are offline; six of these towers will be offline long-term due to extensive damage

FEMA Response

- Major Disaster Declaration FEMA-4344-DR-CA and 10 FMAG's approved
- Region IX RRCC: not activated; RWC at Steady State (24/7)
- Region IX IMAT-1 deployed to CA EOC; LNO released to home station
- Bothell & Denver MERS deployed to Sacramento, CA

State/Local Response

- Governor declared a state of emergency for nine counties
- CA EOC at Partial Activation
- 51 (+1) ARC and independent shelters open with 4,234 (+3) occupants (ARC Midnight Shelter Count as of 5:35 am EDT)

Wildfire Summary

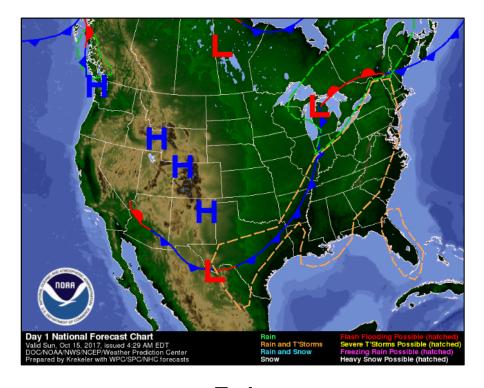

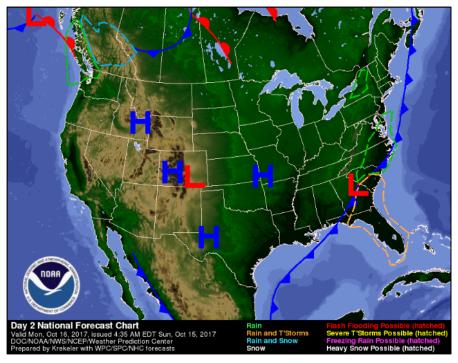

O. w. lev	Fire Name	FMAG #	Acres	Percent	F		Fatalities			
Complex	(County)	(Approved Date)	Burned	Contained	Evacuations	Threatened	Damaged	Destroyed	/ Injuries	
	California									
	Tubbs (Sonoma / Napa)	5215-FM-CA (October 9, 2017)		18%	Mandatory	36,746 (34,176 homes)	116 (96 homes)	3,462 (2,805 homes)		
*Central LNU Complex	Nuns (Sonoma) Moved from Southern LNU Complex	5220-FM-CA (October 9, 2017)	94,370						22 / 0	
*Southern LNU	Atlas (Napa / Solano)	5214-FM-CA (October 9, 2017)		48%	Mandatory	5,000 homes	51 (35 homes)	379 (252 homes)		
Complex	Partrick (Napa / Sonoma) Combined with Nuns	5222-FM-CA (October 9, 2017)	50,403						6/0	
	Cascade (Yuba / Butte)	5216-FM-CA (October 9, 2017)		87%	Lifted	0	16 (6 homes)	398 (203 homes)	4/1	
*NEU Wind Complex (FINAL)	Lobo (Nevada)	5217-FM-CA (October 9, 2017)	17,102							
	La Porte (Butte)	5218-FM-CA (October 9, 2017)								
*Mendocino Lake Complex	Potter Valley (Mendocino)	5219-FM-CA (October 9, 2017)	27 500	000/	Mandatana	800 homes	45	641 (410 homes)	0 / 1	
	Sulphur (Lake)	5221-FM-CA (October 9, 2017)	37,500	32%	Mandatory	ooo nomes	(21 homes)		8 / 1	

*Note: Complex fires may contain fires that have not received FMAGs; reduction in acreage is due to more accurate fire perimeters and continued changes to individual fires within the complex; some fires are moving out of one complex and into another
