Temporary Housing (USACE, 11022018)

Line of Effort: Temporary Housing

Past 24:

- Conducted commercial park site assessments in Bay & Jackson Counties.
- Continue upward reporting to FEMA of Commercial sites that have potential for temporary facilities
- Continue Temp Housing Mission planning and scoping with FEMA Log personnel
- Six TMs transferred from CPF and Debris

Next 24-48:

- Initiate SIR inspections in Bay County and continue windshield site assessments in Bay County and upward reporting to FEMA
- Continue Temp Housing Mission Strategy Planning with FEMA Log personnel
- Continue manpower planning for initial TMs to attend FEMA training at Selma starting 6 Nov
- Sustainment Planning

Mission SME Mark Koenig	Mission Manager N/A	Action Officer N/A
-----------------------------------	-------------------------------	------------------------------

Area of Interest/Operations:
Counties (5): Bay, Gulf, Calhoun, Jackson, Gadsden

Authorization:
18 OCT18: 4399DR-FL-COE-SAD-15
Funding: \$4,860,000

- Limitations and Risks:**
- Need for applicant registration with FEMA and subsequent IA evaluation to determine number of applicants eligible for Temp Housing DA
 - Define lines of communication between USACE/FEMA to establish local priorities of commercial site assessments
 - Difficulty identifying FEMA TM volunteers may result in USACE tasking for TMs

Sustainment (1200 EDT 28OCT18):

PRT/SME: Mark Koenig
Kaleb Whisenant

Mission Manager: Corrine Hodapp
Data Manager: Christine Weisenberger
Team Lead: Mohammed Siddiqui
TMs: 8 personnel

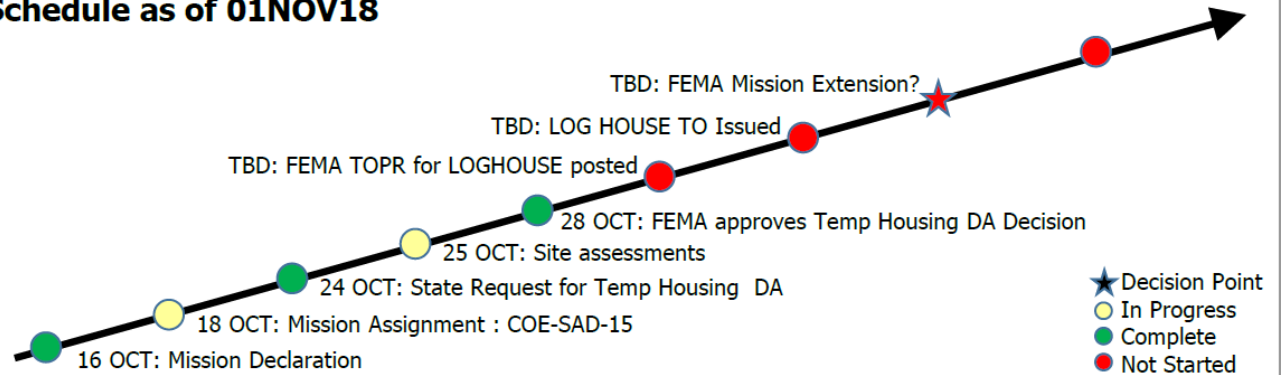

Future: TMs transfer from other missions - start 1 Nov

9 TMs to Selma – 5 Nov
1 COR to Selma - 5 Nov
6 TMs to Selma - 7 Nov
2 CORs to Selma - 7 Nov

Mission Progress (as of 2359 EDT 01NOV18)

Schedule as of 01NOV18

ESF 10 (USCG, 11022018)

ESF 10 - Michael

Situation:

As of 02 NOV 2018 @1200

ESF Resources:

ESF-10 operations

- Total Targets needing assessment in the field: 1360
- Imagery Targets: 1342 vessels (RPI data)
- Targets discovered by teams in the field: 18
- Total Targets Assessed by field team on the ground: 787 (57%)
- Targets immediately cleared: 491
- Targets tracked by Survey 123 App: 269
 - 227 Require ESF-10 action
 - 70 No further action required (tracking only)
- Targets with Discharging Activity: 08 total / 07 contained
- Boom deployed: 3000 feet

Overhead

- USCG: 44 (27 active; 15 Reserve; 2 Civilian)
 - State: 10
 - NOAA: 3
 - Contractors: 6
-
- MA Expended: \$2,093,519.17
 - MA Remaining: \$12,906,480.53
 - MA Burn Rate: \$69,783.97 per day

Mission Assignment (MA):
\$15,000,000 Ends 12/31/18

Key Future Actions:

- Mitigation of active discharges continues.
- Engage with Municipal Marinas and DoD Facilities.
- Continue to engage in consultations with Trustees.
- Field teams of joint CG & FWC continue detailed assessment utilizing Survey 1-2-3 App.
- Mitigation & removal Ops will begin a few days after detailed surveys begin.
- Detailed assessment will reduce amount of targets that will require ESF-10 action.
- Planning for transition points, road access and boat storage sights continues on pace.

Objectives:

- M - Ensure the safety and wellness of responders.
- M/O - Identify and minimize the impact to environmentally sensitive areas, threatened species, and identified historical/cultural areas.
- M - Establish and maintain a single common operating picture (COP) of identified targets.
- O - Determine actual and potential pollution discharges/releases, prioritize responses and initiate cleanup efforts for active discharges.
- M - Maintain clear and concise messaging up to Sector Mobile, the 8th CG District and to State/local partners.
- M - Inform the public, stakeholders, and media of response activities.
- O - Implement the vessel pollution mitigation plan.
- M/O - Plan and execute an efficient and effective joint response operation in accordance with best management practices.
- M - Ensure proficiency with data management applications and processes.
