

FEMA COVID-19 Update

Key Messages

- Working with state governments, FEMA will continue to provide federal support to community vaccination centers, including supplemental vaccine allocation to pilot sites.
- There are 23 active or temporarily closed federal community vaccination center pilot sites and 60 mobile pop-up sites in 23 states. Additionally, there are 15 mobile vaccination units deployed to support states and the Indian Health Service. The federal community vaccination center pilot sites have administered more than 4.5 million vaccinations. The mobile units have delivered more than 26,000 vaccines.
 - Although FEMA transitioned management of the federal community vaccination center pilot sites in California, Florida, New York, Pennsylvania and Texas to the states, the agency continues to support those sites with federal personnel.
 - Mobile vaccination units are deployed to Arizona, Connecticut, Idaho, Maine, Maryland, Nevada, New Mexico, and Oregon. Two units are supporting the Indian Health Services mission to vaccinate tribal communities across the Great Plains.
- On April 12, FEMA began processing applications for [funeral assistance](#) to provide financial assistance for COVID-19-related funeral expenses incurred after Jan. 20, 2020 under the [Coronavirus Response and Relief Supplemental Appropriations Act of 2021](#) and the [American Rescue Plan Act of 2021](#).
- Applicants may apply by calling 844-684-6333 (TTY: 800-462-7585) from 9 a.m. to 9 p.m. ET, Monday through Friday. Please note, phone calls from FEMA may come from an unidentified number.
 - Multilingual services are available. The assistance line has helped applicants in nearly 40 languages.
 - It is important that FEMA can contact applicants, so callers should ensure their contact information is correct. Callers who use a relay service, videophone or captioned telephones should provide their specific number assigned to that service.
- As of May 3, FEMA has received more than 157,600 funeral assistance applications and has awarded more than \$4.8 million.
