FEMA ICS FORM 202 INCIDENT OBJECTIVES		1. FEMA Disaster Number: FEMA-DR-4697-MS	2. Date/Time Prepared: 05/18/2023 0900 CT
4. Operational Period: 05/19/2023 0700 CT to 05/26/2023 0659 CT			
5. General objectives for the Incident:			
Objective Number	Description		
6 a	Ensure equitable and nondiscriminatory delivery of programs, services and benefits toward survivors, stakeholders, and partners throughout the duration of the event.		
10 a	Conduct data-supported, outcome-driven mission planning to assess the disaster caused housing needs, identify available resources, and develop the strategy for Direct Temporary Housing Assistance throughout the duration of the event.		
15	Complete Pre Placement Interview Process for existing registrants by 05/30/23.		
16	Stage appropriate number and type of units to fill Direct Housing work orders by 05/22/23.		
17	Complete 50 percent of Direct Housing Site Inspection Requests by 06/15/23*.		
18	Complete 25 percent of Direct Housing Haul and Installs by 07/04/23*.		
19	Complete 25 percent of Direct Housing License In by 07/19/23.		
2 b	Provide non-congregate sheltering with wrap-around services and transition shelter populations to safe, sanitary and secure alternate short-term housing options.		
7 a	Deliver services (e.g., registration, case management) to survivors at Disaster Recovery Centers (DRCs), Business Recovery Centers and other locations in designated counties.		
13 a	Implement community recovery by identifying sustainable actions to prevent, protect against, mitigate, respond to, and recover from future disasters by August 2023.		
4	Support local jurisdictions for issues and unmet resource needs throughout the duration of the event.		
3	Deploy personnel as needed to monitor, assess, and respond to the needs that may arise in the affected counties throughout the duration of the event.		
8 e	Conduct Debris Removal / Demo Workshops for designated counties and provide technical assistance by June 1, 2023.		
1 a	Deliver timely, accurate, accessible and unified disaster program information through multiple communication channels to the public and targeted audiences.		
5 a	Coordinate integration of federal resources with State and local response and recovery activities throughout the duration of the event.		
11	Implement and administer the Public Assistance program in compliance with all applicable authorities, laws, and policies to permanently repair damaged infrastructure.		
12 a	Connect survivors with appropriate special disaster assistance services provided by private sector or voluntary agencies throughout the duration of the event.		
6. Weather Forecast for Period (Only if significant to Operations)			
<p>Monroe County: No significant weather expected during the operational period for Monroe, Washington, Montgomery, Carroll, Humphreys, or Sharkey Counties.</p> <p>Panola County: A FLASH FLOOD WATCH remains in effect through June 10, 2023, for the potential failure of Arkabutla Dam on the Coldwater River.</p> <p>Jackson area: Isolated severe storms are possible Friday night and Saturday. Damaging winds and hail up to quarter size will be the main threats associated with these storms.</p>			
7. General/Safety Message			
<p>Severe storms tend to develop quickly this time of year in Mississippi. While working outside crews should continue to monitor the weather and take precaution when taking down canopies and tables if a storm develops. The Safety Cadre recommends the first step in this process should be to unplug devices and disconnect the power at the source. Rain and electricity do not cooperate well so be aware of any electrical cords laying around.</p> <p>In the event of an emergency the COOP Line: 866-854-3729, Option 2</p>

FEMA ICS FORM 208 SAFETY MESSAGE/PLAN	1. FEMA Disaster Number: 4697	2. Operational Period: 0700 CT 5/19/2023 to 0659 CT 5/26/2023
<p>3. Safety Message/Expanded Safety Message, Safety Plan, Site Safety Plan:</p> <p>Safety is the number one priority. Please wear face coverings when in crowded areas, wash and sanitize your hands as often as possible. PPE can help prevent the spread of Covid-19 and other viruses. When traveling in the affected area, travel in pairs when practical. Allow for adequate travel time to ensure safe arrival. Be aware of hidden hazards such as downed power lines, debris, potholes, animals, and wildlife in the area. Be sure to wear sunscreen when you are in the sun. Wearing bug spray can help prevent mosquito born illnesses.</p> <p>Ensure all occupants in the vehicle are wearing seat belts. Avoid standing water in the roadways or flooded roadways. Take supplies with you in anticipation of unexpected problems. Notify your supervisor immediately of any accidents. Accidents and illnesses also need to be reported to the Safety Officers Walter Newbury.</p> <p>All staff are required to wear authorized apparel that clearly displays agency logo or insignia. It is strongly encouraged that all responding staff wear their respective state or federal agency apparel. All staff, especially those who gathering personal information from citizens applying for assistance are required to have their pictured ID badges visible on their person at all times. Some citizens may have concerns when it comes to providing their personal sensitive information. Presenting those citizens with your government issued ID badge assures them that their information will be safe.</p> <p>In the aftermath of a tornado, workers may be involved in a variety of response and recovery operations. There are general guidelines that may be applicable to workers involved in assessing and/or cleaning up the damage to their worksite. However, some operations, such as utility restoration, cleaning up spills of hazardous materials, and search and rescue, should only be conducted by workers who have the proper training, equipment and experience. It is important that staff understand their roles and assignments during the response operations.</p> <p>A successful recovery requires a team effort. Those efforts must be calculated, and responsibilities executed effectively. Each team member should focus on their assigned task and allow other team members to accomplish their tasks without interference. When responding to the affected areas, workers should wear appropriate attire and equipment. This includes shoes, hardhats and safety vest.</p> <p>In the event of severe weather please return to safe areas until the weather has cleared and it is safe to begin working. Whenever thunder and lightning is present, please wait at least 30 minutes before returning to work assignments.</p> <p>Welcome to the JFO in Madison MS. The roads have a number of dips; so, please do not exceed the speed limit as you may go airborne and lose control of your vehicle. Parking is in the rear of the building with only 1 way to exit back onto Galleria Parkway. Please be patient as you are leaving or entering the facilities parking lot. If you have questions or concerns, please feel free to ask Safety.</p>

GENERAL MESSAGE (FEMA ICS FORM 213)

TO: All Hands

POSITION:

FROM: Walter Newbury

POSITION: Safety Officer

SUBJECT: Motor Vehicle Accident Reporting

DATE/TIME: 05/18/2023 0900 CT

MESSAGE:

Vehicle Accidents

When a vehicle is used for official purposes, the government covers the employee for accident liability and workers compensation. This policy covers GSA vehicles, rental vehicles, and personal vehicles while on officially sanctioned FEMA business. This does not include collision coverage for your personal vehicle. Unauthorized use of a rental vehicle is considered personal use and is not considered to be "official travel" or "official use of the vehicle."

When an Accident Occurs...

If you are involved in a vehicle accident while on official government business, follow these procedures:

Check for personal injuries to other parties and yourself and call 911 if necessary.

Write down the other driver's information:

- Name, Address and Phone
- Insurance company/ policy number
- Driver's license number
- State driver's license was issued

Contact:

- Local police, if applicable
- Safety Officer
- Your supervisor

Notify the rental company and complete their accident report. Keep a copy and attach it to the accident report (SF-91). A claims representative may contact you to review the accident report you submitted or to take a formal accident statement. Under the terms of the government agreement, you are required to cooperate. If the claims representative asks for a copy of your travel orders, you can provide a copy of your National Travel reservation. Redact any privacy information.

What You Should Not Do:

Do not make any statement which admits fault or guilt to anyone.

The FEMA driver must complete the SF-91, Motor Vehicle Accident Report and attach supporting documentation.

The driver Must:

- Complete the Motor Vehicle Accident Report, SF-91 in its entirety.
- Sign and date block 72a, 72b and 72c.
- Enter a permanent home address and phone in Section VIII, Extra Details.
- Have your supervisor fill out blocks 82 a and b and 83a, b, c and d.
- Attach legible copies of the following:
 - Rental Agreement
 - Rental company accident report
 - Enterprise only provides a report number, which may be documented in the Extra Details Section of the SF-91.
 - Police report, if applicable
 - Photographic documentation, if applicable

Forward the Accident Report (SF-91) and supporting documentation, via email, as soon as possible, to the Safety Officer, who will review and submit the SF-91 to the Office of Chief Counsel.

If you are contacted about the accident or payment, by anyone other than rental company, notify:

GENERAL MESSAGE (FEMA ICS FORM 213)

TO: All Hands

POSITION: N/A

FROM: PSC

POSITION: N/A

SUBJECT: Critical Information Requirements

DATE/TIME: 05/18/2023 1200 CT

MESSAGE:

Critical information requirements (CIRs) facilitate timely command, control and coordination decisions by Senior Leadership during disaster operations. They provide insight into important details that leadership personnel must be apprised of to effectively manage and execute operations. In the event that a CIR is triggered, Senior Leadership shall immediately be notified 24/7 following the established chain of command. This reporting and notification process is in effect 24/7, including weekends and holidays.

The Critical Information Requirements for this Incident Are:

1. Significant loss/damage/threat to Federal facilities, personnel, systems, assets, commodities, and operations:
Incident that impacts/threatens federal facilities, personnel, systems/assets, commodities, and operations
Weather-related incidents
2. Additional Declarations: Any additional declarations and/or amendments to the current incident
3. Work-related Injury, Illness or Death of a team member, responder or civilian: Number of confirmed fatalities and corresponding locations, serious injuries, sudden illness, and hospitalization that trends for potential outbreak
4. Media Inquiries, Political Interest, Ethical Issues: Any situation that result in the loss of public trust/confidence, degradation of credibility, and/or negative media coverage
5. Change to the Operational and or National Environment: Major change to Federal capabilities that would adversely affect the overall readiness of the United States to prevent or protect against a attack or any other incident Incidents outside of the response area which may seriously impact current state or federal operations
Shortages of live saving, life sustaining, or other critical resources resulting in the inability, anticipated or actual, to provide essential response services
