FROM: Walter Newbury

POSITION: Safety Officer

SUBJECT: Motor Vehicle Accident Reporting

DATE/TIME: 06/02/2023 0900 CT

MESSAGE:

Vehicle Accidents

When a vehicle is used for official purposes, the government covers the employee for accident liability and workers compensation. This policy covers GSA vehicles, rental vehicles, and personal vehicles while on officially sanctioned FEMA business. This does not include collision coverage for your personal vehicle. Unauthorized use of a rental vehicle is considered personal use and is not considered to be "official travel" or "official use of the vehicle."

When an Accident Occurs...

If you are involved in a vehicle accident while on official government business, follow these procedures:

Check for personal injuries to other parties and yourself and call 911 if necessary.

Write down the other driver's information:

- Name, Address and Phone
- Insurance company/ policy number
- Driver's license number
- State driver's license was issued

Contact:

- Local police, if applicable
- Safety Officer
- Your supervisor

Notify the rental company and complete their accident report. Keep a copy and attach it to the accident report (SF-91). A claims representative may contact you to review the accident report you submitted or to take a formal accident statement. Under the terms of the government agreement, you are required to cooperate. If the claims representative asks for a copy of your travel orders, you can provide a copy of your National Travel reservation. Redact any privacy information.

What You Should Not Do:

Do not make any statement which admits fault or guilt to anyone.

The FEMA driver must complete the SF-91, Motor Vehicle Accident Report and attach supporting documentation.

The driver Must:

- Complete the Motor Vehicle Accident Report, SF-91 in its entirety.
- Sign and date block 72a, 72b and 72c.
