

# DHS Announces Funding Allocations for FY 2024 Preparedness Grants

---

Today, the Department of Homeland Security announced final allocations of nearly \$724 million in six Fiscal Year 2024 competitive preparedness grant programs. This includes \$454.5 million in funding for the Nonprofit Security Grant Program, an increase of \$149.5 million from FY 2023, which will provide critical funding for faith-based groups and others to prevent and protect themselves from the heightened threat environment we face today. These allocations, together with the more than \$1.24 billion in non-competitive grant funding announced earlier this year, total almost \$1.98 billion in FY 2024 to help prepare our nation against threats and natural disasters.

## Details

The grant programs provide funding to state, local, tribal and territorial governments, nonprofit agencies, and the private sector to build and sustain capabilities to prevent, protect against, respond to and recover from acts of terrorism and other disasters. The total amount for each grant program is set by Congress and the allocations are made by the Department through a competitive process.
