FLASH FLOOD SAFETY

weather.gov/safety/flood

NPS Photo/M. Jenkins

DEADLY FLASH FLOODS OCCUR IN WASHES AND SLOT CANYONS, OFTEN WITH LITTLE TO NO WARNING!

THEY CAN OCCUR FROM RAIN UP TO 10+ MILES AWAY.

WARNING SIGNS

- Sound of roaring water
- Rising water levels
- Debris in the water

SAFETY

Avoid camping next to creeks, slot canyons, or in washes.

If you hear thunder, don't enter a slot canyon.

Get to high ground immediately!

Always have an evacuation route to higher ground.
