

Innovation Exchange

Conversations Launching Change

Presented by the Federal Highway Administration Local Aid Support

Build a Better Mousetrap

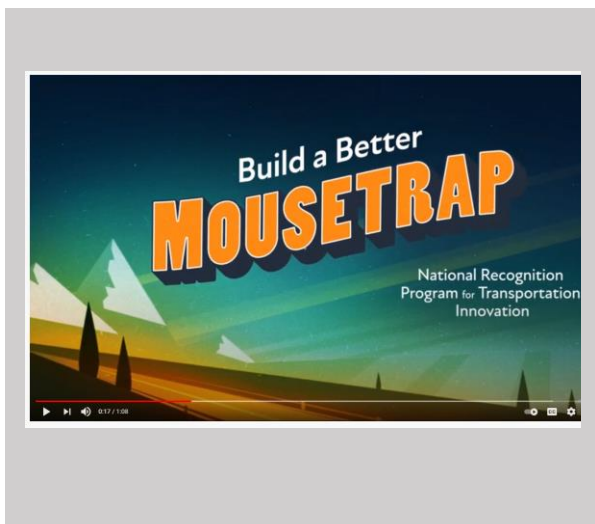

Thursday, January 20, 2022 | 2:00–3:30 p.m. ET

In transportation, Build a Better Mousetrap means going outside the box to solve problems. These solutions are homegrown at the local level and they improve safety and save money. This month, the Federal Highway Administration recognizes Saline County Road and Bridge for developing a safer and more cost-effective solution for reinforcing their bridges. This innovation has saved them time and money.

Speaking during this webinar:

Darren Fishel, Saline County Road and Bridge Administrator – BABM Innovative Project
