

SELECTING APPROPRIATE MATERIALS TO REQUEST EPDs

WEDNESDAY, AUGUST 28, 2024

Public sector agency employees and their consultants are encouraged to join us for this virtual webinar.

In the latest iteration of the Community of Knowledge webinar series, participants will hear from Hailey Goodale on Colorado Department of Transportation's efforts for selecting eligible bid line items to request EPDs. This presentation aims to provide stakeholders, including potential recipients of the FHWA Low-Carbon Transportation Materials (LCTM) Grants Program, with an example of how to select adequate bid items to account for eligible material categories, as well as the size of projects and material quantities to request and use EPDs.

DISCUSSION

Participants should consider and be prepared to answer the following questions:

- Which bid items should be identified to account for the selected material categories?
- What is the minimum information needed to select bid items?
- Does your agency have quantity limits for material testing?

AGENDA

2:00 - 2:10 p.m.

Welcome / Introduction
Migdalia Carrion, FHWA

2:10 - 2:30 p.m.

Presentation
Hailey Goodale, Colorado DOT
