One Belt One Road

Guangxi features prominently in the maritime section of China's 'One Belt One Road' initiative aimed at enhancing China's trade connections and economic integration with South-East Asia, South Asia, and East Africa. Its proximity to the sea and ASEAN countries make Guangxi a strategic stop as part of 'One Belt One Road'.

Company Profile: Foxconn

In February of 2016, Foxconn signed an agreement with authorities in Nanning to construct a \$15 billion 'industrial park' for electronic information manufacturing. This constitutes one of Foxconn's largest production facilities in all of China. Total employment at this facility will be 70,000 individuals

Clean Energy

Guangxi is looking to speed up the development of renewable energy sources. The sales from clean energy is projected to reach 62 billion RMB by the year 2020. Due to the escalating demand for energy from heavy industry, Guangxi is looking to meet this demand with a mixture of fossil fuels and renewable clean energy.
