infosecurity® EUROPE

04-06 JUNE 2019 OLYMPIA LONDON

US PAVILION

Benefiting from a prime position, the certified official US Pavilion enables US companies to gain valuable exposure and access to the European cyber & infosecurity industry. With three cost effective, all-inclusive packages available it is the ideal way to showcase your solutions to the European market.

WHY INFOSECURITY EUROPE?

Infosecurity Group is a global organisation which brings together the information security community across all continents and disciplines.
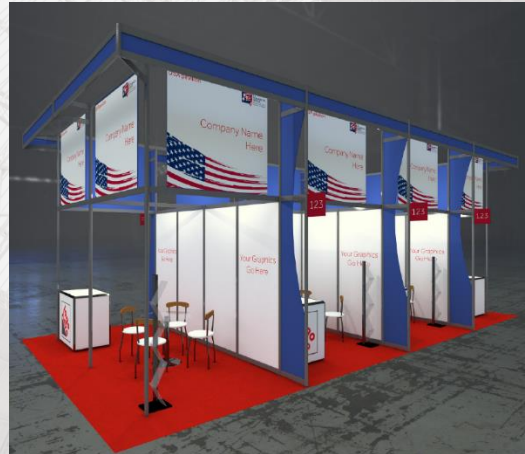

Working through different media, our aim is to bring together "Everyone and everything you need to know about information security" through delivering thought provoking content and business opportunities.

Europe's largest and most comprehensive infosecurity event takes place every June in London, Olympia, with 19,500 professionals under one roof talking, learning, discovering and sparking off business ideas and showcasing a range of talents and opportunities.
