TRADE MISSION SERIES

U.S. Commercial Service Trade Mission to Caribbean Region

May 23-28, 2021 *Includes Business Conference in Bridgetown, Barbados

Mission Overview

The Caribbean region as a whole represents 30 markets, 50 million people who collectively imported \$30 billion worth of U.S. goods and services in 2019. The Caribbean is a very diverse region with great potential for U.S. exports. Its close proximity to the U.S., and its regional integration, are some of the more relevant reasons why the Caribbean should be a key part of your company's international strategy.

The 2021 Trade Americas program offers U.S. companies the opportunity to explore fourteen markets in the Caribbean region: Barbados and the Eastern Caribbean, Dominican Republic, Guyana, Haiti, Jamaica, Suriname, The Bahamas, and Trinidad and Tobago.

Hosted in Bridgetown, Barbados, the Trade Americas - Business Opportunities in the Caribbean Region Conference will focus on region-specific sessions, market entry strategies, export compliance, legal issues, logistics, disaster resilience and recovery, and access to finance.

What You Can Expect

The combination of participation in the Trade Americas conference and business-to-business matchmaking appointments in one or two markets with a prescreened potential buyers, agents, distributors or joint-venture partners in Caribbean countries will provide participants with access to strategies for expanding their business across the region. By attending this conference, U.S. companies will be able to:

- Gain market insights
- Make industry contacts
- Solidify business strategies
- Advance specific projects
- Identify potential partners

Target Audience

The mission is open to U.S. companies from a cross-section of industries with growing potential in Caribbean region such as agribusiness, alternative energy (renewable energy, storage, energy efficiency), aviation/airports, automotive parts and services (e-mobility), business process outsourcing, construction equipment/road building machinery/building products/infrastructure/smart cities, consumer products (clothing, accessories, health and beauty products), franchising, hotel and restaurant equipment, information and communication technology, manufacturing equipment, maritime services/yachting industry, marine ports, medical equipment and devices/pharmaceuticals, oil and gas industry technology and services, safety and security equipment, travel and tourism, waste management, and water treatment and supply.
