

MACEDONIA

Construction of a 2x40 MW (max. 2x50 MW) photovoltaic power plant project

NORTH MACEDONIA: State owned company ESM – Power Plants of North Macedonia, issued February 4, 2021 an announcement for public procurement in accordance with country’s Law on Concessions and Public-Private-Partnership (PPP) for construction of a 2x40 MW (max. 2x50 MW) photovoltaic power plant project, to be built next to the existing TPP Oslomej. The public opening of the tenders is scheduled for March 12, 2021 at 11:00 AM, Skopje local time, at ESM premises. The private investor should give a price expressed as a percentage of produced electricity on an hourly basis during the calendar month, which will be paid to the public partner ESM. The agreement will have a 35-year term. The announcement is available at: <https://e-nabavki.gov.mk/PublicAccess/home.aspx#/dossie/9c1e434f-a459-4192-9df4-22dea47d8738/1>

POC: Mr. Arben Gega at gegaa@state.gov of the U.S. Embassy Skopje, North Macedonia.
