

Actuators for Distributor in Taiwan

A manufacturer of factory automation and mold components in Taiwan is seeking to partner with a U.S. company to supply actuators. The actuators should have a maximum stroke of 500mm and a maximum load of 110kg. The company's portfolio is focused on producing optical, automobile, semiconductor and machine tools for the Asia-Pacific market.

The buyer is seeking electrical actuators with belt and ball screw drives.

More detailed information can be provided to serious bidders.

Shipping Terms: Kaohsiung City, Taiwan
