### **Three steps are required to fulfil tender application.**

- **Step 1:** A preliminary selection of candidates, where all interested parties, who wish to participate in the tender procedures, must submit a letter of intent to "Bulgargaz", which fulfils the requirements the Bulgarian gas company has specified in the tender documentation.
  - The potential LNG supplier must be reputable, should not have any commercial restrictions, and must have proven clear ownership, as well as have sufficient experience in the supply of liquefied natural gas.
- **Step 2:** Offer submission.
- **Step 3:** Ranking according to bid proposals
