

Patient Safety Program

LEARNING UPDATE

A Summary of Patient Safety Learning Activities

About the Learning Update

The Learning Update delivers an upcoming schedule of DoD PSP and other patient safety activities, tools and resources to help you increase your patient safety knowledge and skills.

Please note that information about patient safety activities is updated continuously. Make sure to check out the *eBulletin* and the *Calendar of Events* section on the DoD PSP website to obtain the latest details and confirm information provided here.

PATIENT SAFETY On-Demand eLearning Courses *Instructor-led or self-paced online learning sessions focused on a specific product*

On-Demand eLearning: Patient Safety Reporting System v1.1 eLearning Course

This course introduces basic navigation and functionality features of the PSR system and the roles of system users, such as event reporters, event handlers, and investigators. The course can be accessed through MHS Learn.

PATIENT SAFETY LEARNING CIRCLES

In-person or web-based forums focused on a specific topic

July DoD PSP Learning Circle: Details Coming Soon!! Please visit our [Calendar of Events](#) for registration updates.

Strategies for Preparing for TeamSTEPPS® Implementation in the Clinical and Educational Settings – Agency for Healthcare Research and Quality (AHRQ)

13 July 2016, from 1pm to 2pm (ET)

This webinar will focus on key components of planning for TeamSTEPPS implementation for hospital staff and students/faculty at University of Florida (UF) Health in Gainesville, FL. The webinar will feature Charles Crescioni, MS, RN, Senior Quality Improvement Specialist at UF Health, and Amy Blue, Ph.D., Associate Dean for Educational Affairs at the UF College of Public Health and Health Professions, and Associate Vice President for Interprofessional Education in the UF Health Office of the Senior Vice President for Health Affairs. Their presentation will highlight UF Health's process and strategies for preparing to implement TeamSTEPPS in two different settings: a large and expanding academic medical center and the university's six health professions colleges. They will discuss common and unique strategies for implementation planning across these two settings, as well as key components of the planning strategy for facilitating longer-term success.

Patient Safety Program

LEARNING UPDATE

A Summary of Patient Safety Learning Activities

Specifically, the presentation objectives will be to:

- Describe common and unique strategies and resources required for implementing TeamSTEPPS in a clinical and an educational setting;
- Share key components of effective planning regarding buy-in, resources, and measuring effectiveness; and
- Discuss the status of UF's efforts and planned next steps.
