## Patient Safety Program LEARNING UPDATE

A Summary of Patient Safety Learning Activities

## **About the Learning Update**

The Learning Update delivers an upcoming schedule of Department of Defense Patient Safety Program (DoD PSP) and other patient safety activities, tools and resources to help you increase your patient safety knowledge and skills.

Please note that information about patient safety activities are continuously updated. Check out the <u>Calendar of Events</u> on the DoD PSP web site to get the latest details and confirm information provided here.

PATIENT SAFETY On-Demand eLearning Courses Instructor-led or self-paced online learning sessions focused on a specific product

### On-Demand eLearning: Patient Safety Reporting System v1.01 eLearning Course

This course introduces basic navigation and functionality features of the JPSR system and the roles of system users, such as event reporters, event handlers and investigators. The course can be accessed through MHS Learn.

Register now

#### On-Demand eLearning: Root Cause Analysis\*

This self-paced module outlines the DoD Patient Safety Program's suggested practices for conducting a root cause analysis, from the initial reporting of a patient safety event through the formation of the RCA Team to the identification of contributing factors and root causes and the recommendation of corrective actions.

Patient Flow and Patient Safety – Institute for Healthcare Improvement (IHI)\* and National Patient Safety Foundation (NPSF)\*\*

Aug. 8, 2017 from 1-2 p.m. EDT

Optimizing patient flow throughout the hospital is essential to ensuring safe, high-quality, patient-centered, value-based care. Providing timely access to appropriate

care and optimizing hospital flow are both critical levers to increasing value for patients, clinicians, and health care systems.

## Patient Safety Program LEARNING UPDATE

A Summary of Patient Safety Learning Activities

In this webcast, we will explore high-leverage strategies and interventions to improve hospital-wide patient flow – making sense of the variety of hospital-wide strategies and approaches needed to deliver the right care, in the right place, at the right time

#### **Speakers:**

- Marti Taylor, MSN, chief executive officer, University Hospital, executive director, The Richard M. Ross Heart Hospital, The Ohio State University Wexner Medical Center
- Pat Rutherford, RN, MS, vice president, IHI
- Frederick Ryckman, MD, senior vice president for Medical Operations, Cincinnati Children's Hospital Medical Center

### Workplace Violence in Healthcare Can't Be the Norm – Institute for Healthcare Improvement (IHI)

Aug. 10, 2017 from 2-3 p.m. EDT

Violence against medical staff is on the rise in the U.S. The circumstances, sources, and types of violent behavior vary – everything from verbal threats to deadly shootings.

In response to this situation, major health care organizations are developing new violence-prevention resources, highlighting health systems with notable programs and solutions.

Beth Israel Deaconess Medical Center in Boston is one such organization that will share the solutions they've developed thus far.

#### **Speakers:**

- Pat Folcarelli, RN, PhD, interim vice president, Silverman Institute for Health Care Quality and Safety, Beth Israel Deaconess Medical Center (BIDMC)
- Marsha Mauer, RN, MS, chief nursing officer and senior vice president, BIDMC
- Christopher Casey, director of security services, BIDMC
