

# Professional Military Knowledge Eligibility Exam Mobile Application

Updated 2019

An official U.S. Navy mobile application produced by the PMW 240 Program

## What is PMK-EE Mobile Application?

### What's new!

Sailors can now access the most current course overviews at any time, even if they don't update their app.

This version also fixes an issue with the date and time stamp on the course completion certificate.

The Navy's Professional Military Knowledge Eligibility Exam (PMK-EE) mobile application is a convenient way for Sailors to prepare for and complete this eligibility requirement as part of the enlisted advancement process for E4/5/6/7 paygrades.

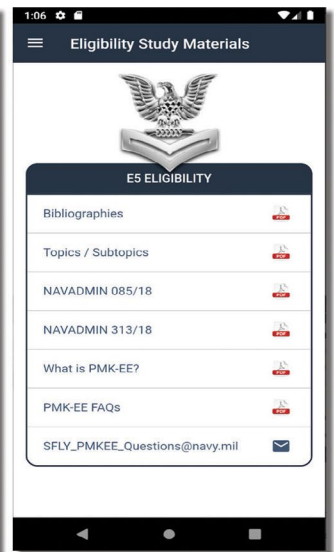

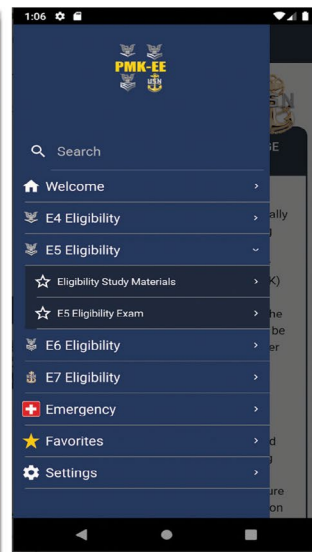

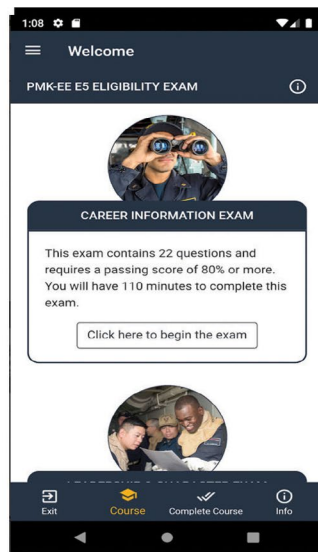

This app is for Sailors who prefer using their mobile device to review topics, access bibliographies, and complete the exam that corresponds to each paygrade. The 100-question exam covers career information, leadership and character, Naval heritage, professional conduct, and seamanship. Exam sections can be taken in any order and independently of the others. Sailors must achieve a score of at least 80 percent on each section to pass.

When a Sailor exits the app before completing a section, the app bookmarks that spot. The next time the app is opened, it returns to the bookmarked location, allowing the Sailor to continue with the exam from that point. The color of each exam section icon makes it easy to see a Sailor's status: not started, partially complete, failed or passed.

The PMK-EE replaces the requirement for the Professional Military Knowledge (PMK) section on the Navy-Wide Advancement Examination (NWAE). Topics and bibliographies used to develop PMK-EE questions are also available on MyNavy Portal within the Advancement & Promotion section, and on Navy eLearning. PMK-EE is one component of the Sailor 2025 rating modernization effort to improve the Sailor experience. Download the app today!

### KEY FEATURES

- ✓ Available anytime, anywhere – no CAC required
- ✓ Tailored to specific paygrades: E4, E5, E6, and E7
- ✓ Allows access to topics and bibliography content from any compatible device
- ✓ Presents randomly selected exam questions each time
- ✓ Permits retaking any section as often as necessary to achieve passing score of 80 percent
- ✓ Uses mobile device email to submit passing scores to Navy Training Management Planning System (NTMPS) with entry of a Sailor's DoD ID
- ✓ Allows completion certificate to be printed or saved to a file on the device for personal record
