McMaster-Carr

At McMaster-Carr, diversity is a corporate asset. First, there's diversity of opportunity.

From the fast-paced action of the warehouse receiving area to the challenge of putting technical data into clear, benefit-oriented ad copy, we offer a variety of rewarding career paths. Our five regional branches provide roles in customer service, sales, warehouse operations, finance, and general management. Our corporate headquarters in Chicago adds information systems, purchasing, merchandising, and electronic publishing positions to the mix. It's definitely a dynamic, growing environment with nearly unlimited opportunities to excel.

Second, there's diversity of people. From actors and ballet dancers to engineers and former Marines, our people have backgrounds and interests as varied as the breadth of products in our catalog. Conversations over lunch about restoring a hundred year old home, the latest museum exhibit, or a recent performance of an opera are common. Creativity and diversity engage us as individuals and propel us as a company.

McMaster-Carr open positions can be viewed at <http://www.mcmaster.com/>.

Positions they will be spotlighting at the fair include:

Job Title	Job Description	Job Location (City/State)
Warehouse Operations Specialist	We are looking for talented people to fill a variety of positions in our distribution center. Your work could involve order fulfillment, stock replenishment, inventory control, material tracking, or other aspects of distribution. The smart, driven people who are part of our warehouse team care about the product our customers receive and strive to keep raising the standard for excellence.	Robbinsville, NJ
Maintenance Technician	McMaster-Carr is looking to fill a full-time Maintenance position. As a member of our team, the candidate will work with senior technicians to maintain and troubleshoot equipment in our distribution setting.	Robbinsville, NJ
Operations Specialist	This is a position for people who embrace learning. Satisfying the demands of our customers requires collaboration, skilled communication, resourcefulness, and creativity. Good customer service arises from understanding our customers' needs and our role in the marketplace, not rigid scripts for conversations or standard policies. Our colleagues in this role must maintain keen attention to detail to provide thoughtful solutions with efficiency.	Robbinsville, NJ
Tech Support	Are you a wiz when it comes to technology? Do you consider yourself a problem solver who thinks quickly? Are you looking for an opportunity to flex and improve your technical prowess? As a Tech Support Specialist, you will support users who rely on computing, printing, wireless networking, and telephone equipment to operate in our fast-paced office and warehouse environments. Technical Support performs equipment installation and upgrades, providing people with the tools they need to meet our customers' expectations. We rely upon Tech Support's knowledge, critical thinking, flexibility, and communication skills to ensure these tools are functional and well maintained.	Robbinsville, NJ

Princeton University

Thank you for considering employment at Princeton University. Our employees are one of our most valued resources, and we are committed to maintaining a diverse and inclusive workforce comprised of talented, qualified and hardworking individuals.

The University provides our employees with excellent benefits, programs, services and resources. Princeton is located on a beautiful, historic campus in Princeton, NJ. Through its activities and programs, the University seeks to fulfill its informal motto: "Princeton in the Nation's Service and in the Service of All Nations."

Princeton University has more than 300 open positions which can be viewed at https://jobs.princeton.edu/applicants/jsp/shared/Welcome_css.jsp.

Positions they will be spotlighting at the fair include:

Job Title	Job Description	Job Location (City/State)
Associate Director, Donor Relations	Reporting to the Director of Donor Relations, the Associate Director, Donor Relations plays a key role in donor engagement, managing a portfolio of leadership level donors. This role will work to enhance and sustain positive and mutually-rewarding relations between the University and its donors, and, in turn, to inspire interest and inclination toward future giving. Specifically, s/he creates, implements, and tracks effective acknowledgment, recognition, and reporting strategies and programs in collaboration with faculty, administrators, senior staff, and volunteer leaders. Additionally, s/he plays a direct role in the stewardship of donors through personal outreach, meetings, written updates, campus visits, and events.	Princeton, NJ
Associate Editor	This associate editor produces two important sections of PAW: the research section and the alumni section, usually totaling 6-8 pages per issue. Working with the editor, he/she conceives of, assigns, and edits the stories for those sections. He/she has additional responsibilities relating to PAW's digital coverage, particularly for books, and oversees a monthly email about faculty and alumni books. He/she writes articles for these sections and others (including feature articles) as time permits. Like all staff members, this editor assists in coverage of major campus alumni events, such as Reunions and Alumni Day.	Princeton, NJ
Executive Assistant	Princeton University is seeking a well-seasoned Executive Assistant to support the Dean of the College. The successful candidate has extensive experience managing a broad range of administrative tasks and projects and prioritizing a calendar of executive and operational meetings.	Princeton, NJ
Financial Coordinator	The Office of Undergraduate Students seeks to hire a highly motivated individual to fill the position of Financial Coordinator. This position reports to the Manager of Administration and is primarily responsible for the review and approval of payments, the training and guidance of staff and students in the use of university financial systems and processes, the maintenance of financial databases and departmental records and performs various institutional research analyses.	Princeton, NJ
Graduate Administrator	The Physics Department seeks an experienced professional to assist the Director of Graduate Studies in managing the academic administration of the graduate division of the department. The Graduate Coordinator acts as the interface between the DGS and the many constituencies with whom he/she interacts: departmental faculty, departmental students, the Charis of the department, the	Princeton, NJ

	Graduate School, and other university administrative units. This individual consults closely with the DGS so that he/she executes routing administrative tasks, identifies issues requiring the DGS's intervention, and gathers the information needed to efficiently make the required policy decisions.	
Lead Developer	The Lead Developer will implement and manage test-driven development workflows for DH software projects and ensure that projects developed at CDH are released with stable codebases and clear documentation and will serve as lead programmer on CDH projects that best align with the Lead Developer's technical expertise. This position will also promote the work of CDH in workshops and other outreach activities, including attending national and international conferences. This position qualifies for 20% R&D time, on a project chosen in consultation with the Associate Director.	Princeton, NJ
Research Specialist I	Princeton University's Department of Molecular Biology seeks applicants for a research specialist position to join a laboratory whose focus of work is DNA polymorphisms and human behavior. The successful candidate will work with the P.I. and other laboratory staff to 1) genotype DNA samples using PCR, real-time PCR, perform gel electrophoresis and related techniques; 2) telomere length measurement; 3) Process incoming DNA samples; 4) assist in general laboratory work. Specific duties include: performing assays; ordering supplies and routine laboratory assignments under the supervision of the P.I.	Princeton, NJ
Senior Maintenance Mechanic	The Senior Maintenance Mechanic is a multi-trade position performing work tasks including, but not limited to electrical, HVAC, plumbing, pipefitting, painting, and carpentry work. The incumbent performs maintenance, repairs, alterations, and some construction work on building components and utility systems in campus laboratory, science and engineering buildings with a minimum amount of supervision. The Senior Mechanics must follow University safety rules and regulations at all times.	Princeton, NJ
Social Media/Marketing Specialist	The Princeton Entrepreneurship Council's (PEC) Social Media and Marketing Specialist will be responsible for establishing a social media presence for PEC. This individual will manage all social media communications across platforms and with the launch of PEC's new website, will be responsible for regularly writing and sourcing content for the website. The Social Media/Marketing Specialist will also be responsible for writing departmental marketing materials and will interface with other groups on campus to ensure that the media and marketing materials reflect the many different campus groups active in entrepreneurship.	Princeton, NJ
Systems Infrastructure Analyst	The Princeton University Office of Information Technology (OIT) is seeking a Systems Infrastructure Analyst to join its Systems and Virtualization team. The systems infrastructure analyst is a member of a team responsible for securing, provisioning, and maintaining the University's centrally managed VMware, Linux, Windows, and Citrix infrastructures, and future infrastructures in the cloud. The successful candidate participates in and, in some cases, leads the planning, design, installation, testing, troubleshooting, and maintenance of Windows-based systems that support the teaching, research, and business functions of the University. The position requires working closely with OIT colleagues and departmental technical staff to provide timely and creative IT service support.	Princeton, NJ
