

Repeating Courses

Classes that are successfully completed may not be certified again for VA purposes if they are repeated. However, if a student fails a class, or if a program requires a higher grade than the one achieved in a particular class for successful completion, that class may be repeated and certified to VA again.

Example 1: if a Nursing program requires a “B” or better in Biology, then that class may be repeated if a “B” or better was not earned. That requirement must be in the school catalog.

Example 2: If a course is required for graduation, a student may repeat the course and be certified for it **until** it is successfully completed. No further information needs to be provided to VA regarding those courses.

Example 3: If a student chooses to repeat a course that was successfully completed, just to improve their GPA, that course cannot be certified to VA.

NOTE: if a Veteran student’s situation does not fall under one of these examples, or if a School Certifying Official is unsure if a particular course can be repeated and certified again to VA, the School Certifying Official should contact their [Education Liaison Representative](#) for guidance **prior** to certifying to the class again.
