IMPORTANT – READ BEFORE ATTENDING

- Vaccines, including boosters, provide additional protection against COVID-19 variants and help prevent severe illness and hospitalization.
- *** Who is eligible?** Veterans, their spouses and caregivers, VA employees, and CHAMPVA recipients under the authority of the SAVE LIVES Act -- you must have eligibility established before getting your shot.
- Boosters are for adults whose last Moderna or Pfizer vaccine was more than 5 months ago or 2 months ago for the J&J / Janssen vaccine
- **Additional boosters are now available at least 4 months after receipt of a first booster dose to individuals age 50 and older, those age 18 and older with certain immunocompromise conditions, and those age 18-49 who received Janssen COVID-19 vaccine as both their primary series dose and first booster.**
- Full 3rd and 4th doses are only for individuals who are immunocompromised. More information is available at <https://www.cdc.gov/coronavirus/2019-ncov/vaccines/recommendations/immuno.html>.
- Walk-in vaccination clinics are first come, first served, and participants will be offered a vaccine based on clinical need and inventory. Vaccine clinics are closed during all federal holidays.
- Screening, approved masks and physical distancing are still required at our facilities.
- More information can be found on our website, www.boston.va.gov
