Marijuana,

with the author of WEED, INC.

October 22nd • 7 PM • Zoom Webinar

About the Program: “Safe marijuana use” has been a misnomer for years, especially when it comes to youth use, and the recent changes in its legalization in surrounding areas has resulted in growing confusion. We seek to educate, increase awareness, and challenge the allure of marijuana. The goal of this event is to educate attendees about the often minimized and understated risks of marijuana use with a focus on youth.
