

BETTER TOGETHER WEBINAR SERIES

Strengthening the Principal-Counselor Relationship

Administrators, school counselors and division leaders are invited to join us for this collaborative webinar series!

As colleagues, allies, and partners in student success and wellbeing, administrators and school counselors work together best when both understand the role of the school counselor; as well as, the unique needs of the school. School counselors and administrators work best together when they align their initiatives under shared goals, communicate regularly, and collaborate when issues arise. When supported, school counselors can be: partners in implementing core curriculum; data-driven interventionists; school-wide leaders, and systemic change agents.
